

1, Types of mediums ?

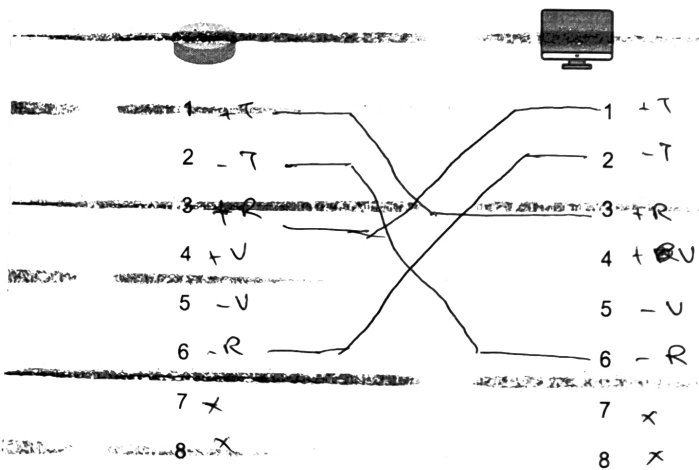

- 1 - Radio Frequency - Guest - wifi
- 2 - Electrical Signal - Production - Copper wired
- 3 - Light signal - Fiberoptical Cable - Backbone ^{wire} network

2, Write down switch 8-pins ?

- 1 - Transmit
- 2 - Transmit
- 3 - Receive
- 4 - Voltage
- 5 - Voltage
- 6 - Receive
- 7 x
- 8 x

3, Connect utp cable between two devices

cat5 - unshielded Twisted Pair

4, Explain AUTO MDIX ?

Auto - medium dependent Interface CROSS OVER

5, Explain POE injector ?

6, Explain POE switch ?

Power over Ethernet

7, Explain types of nic & function ?

NIC - network interface card

It is ^{contains} ~~use~~ to mac + ip

Function

It is ^{used to} convert ~~to~~ binary signal to electrical
and electrical signal to binary.
